COMPOSITION OF CONSORTIUM

League of PLHIV of the Republic of Moldova

IC "GenderDocM"

IG PWUD "PULS"

PROJECT TERM

01.03 - 31.10. 2018

PROJECT PRIORITY TASKS

Contribute

to improving access to effective HIV care continuum by monitoring the situation and promoting community interests in these services.

Create conditions

for developing a dialogue on the need to ensure sustainable financing of services, reduction of stigma and discrimination against PLHIV and key populations.

Increase capacity

of the communities in advocating for expanding access to HIV services for PLHIV and key populations that meet community needs.

KEY ACTIVITIES

A study assessing barriers in accessing the community-based HIV care continuum

Holding a march of solidarity with LGBT, actions on the Day against the Illicit Drug Trafficking, actions on World Hepatitis Day

National meeting to present the results of research and development of a dialogue with decision makers on budget financing of treatment and prevention programs

Training meeting on public procurement of ARV treatment and budget financing cycles.

KEY PROJECT ACHIEVEMENTS

The results of the study on barriers in accessing the HIV care continuum for PLHIV and key groups are accepted for consideration in the NCC.

IC GenderDocM received funding of 10 K EURO for 400 beneficiaries from the National Health Insurance Fund for the strengthening of the HIV prevention program.

By order of the President of the Parliament, the Ministry of Justice and the Ministry of Internal Affairs it was confirmed to investigate cases of violation of the rights of drug users in accessing HIV services.

Creation of the National Association of PWUD in Moldova.

PRIORITY ADVOCACY TASKS FOR THE NEXT TWO YEARS

1 Increase budget funding to expand access to vital services and provide continuous HIV care.

2 Advocating the expansion of access to PrEP for MSM.

3 To promote the sustainability and development of services considering the rights and gender for people who use drugs.
